## **“You will be dazzled!”**

Niagara Falls, Canada's Playground, offers all the thrills and adventures that anyone would ever want to experience. You will be awed by the thunder of charging water roaring over the falls making the earth rumble beneath your feet. Bold and beautiful rainbows gently touch the surface of the water and stretch their giant arches gracefully into the sky with magnificent splendor. You can treat all of your senses in Niagara Falls. Race defiantly through Niagara's white water rapids or float to the foot of the falls on a misty boat tour. Take a white-knuckled realistic simulated ride in absolute safety. Brave the various breathtaking observation towers or soar through the skies over Niagara on a picturesque aerial tour. Laugh, be entertained and experience flavours from all over the world at any of the world class restaurants and dinner theaters. Be fascinated by the wonderfully sculptured trees decorating the many parks in this beautiful paradise. Enjoy the vast fields of beautiful flowers in the endless acres of delightful flower beds and let a butterfly gently kiss the top of your head. Be amazed as you wander through Niagara's fascinating array of museums.

No matter how old you are or how young you are, no matter how hardy you are or how timid you are, your visit to Niagara Falls will fill your every desire and stimulate your spirit!  
When you come to Niagara Falls, “Prepare to be Dazzled!”

## **About Niagara Falls, Canada**

The City of Niagara Falls Canada is located along the Niagara River in the Province of Ontario. Approximately 80,000 people live in the City of Niagara Falls. Over 16 million tourists visit Niagara Falls every year.

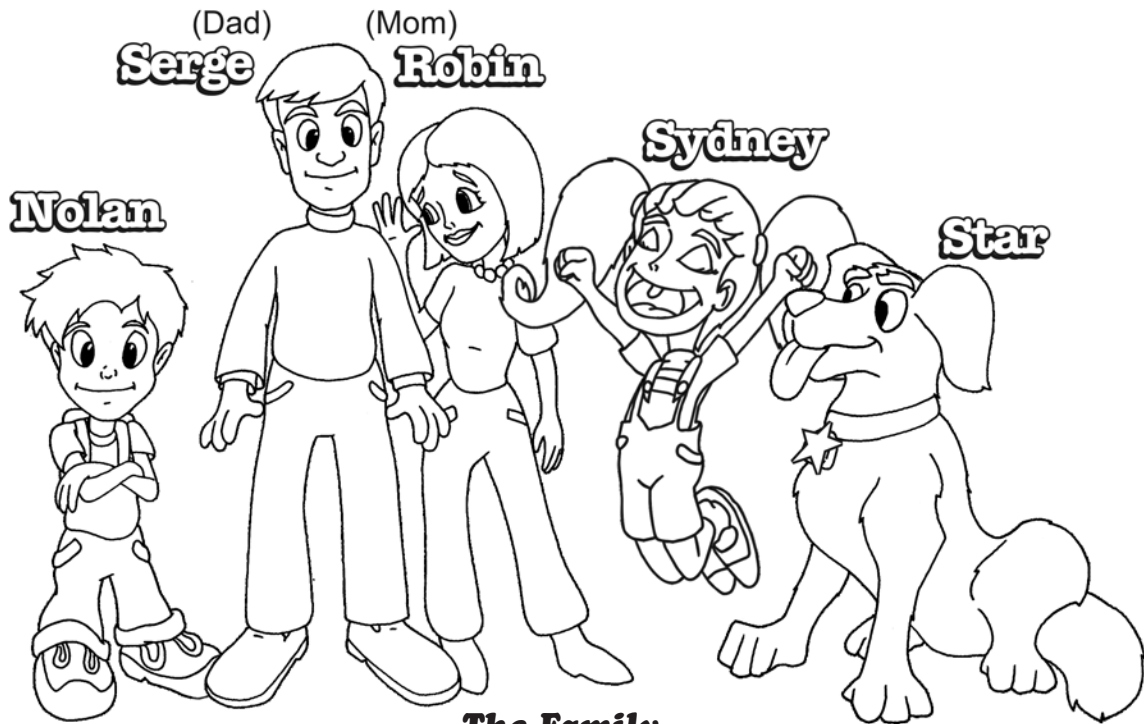

Niagara Falls is 618 feet (189 meters) above sea level. The Canadian Falls, also known as the Horseshoe Falls, are 2,200 feet (670 meters) wide and 173 feet high (53 meters). The speed of the Niagara River at the crest of the falls is 20 miles per hour (32 km/h). More than 600,000 gallons of water per second flow over the Horseshoe Falls making it the third greatest natural water falls in the world. The water depth at the base of the Horseshoe Falls is 184 feet (56m).

The Niagara River, together with the Nile, are the only two rivers in the world that flow north. The Niagara River is 35 miles long (59 km) and flows north from its origin at Lake Erie to its destination in Lake Ontario. The Niagara River is as wide as 8500 feet (2580 meters) at Buffalo/Fort Erie to as narrow as 1500 feet (460 meters) at Squaw Island located below the Peace Bridge. Water flowing past the Peace Bridge can rush along at over 8 miles per hour. The Niagara River varies in depth from 150 feet (46 meters) at the base of the Horseshoe Falls to 215 feet (65 meters) at the Whirlpool Bridge and 100 feet (30 meters) at the Queenston - Lewiston bridge.

### **The Family**

It was Nolan's turn to decide where the family would go on vacation. Niagara Falls Canada! Serge (Dad) said it was a good choice. Robin (Mom) agreed that this would be their best trip ever. Sydney and Star were so excited they couldn't stand still.

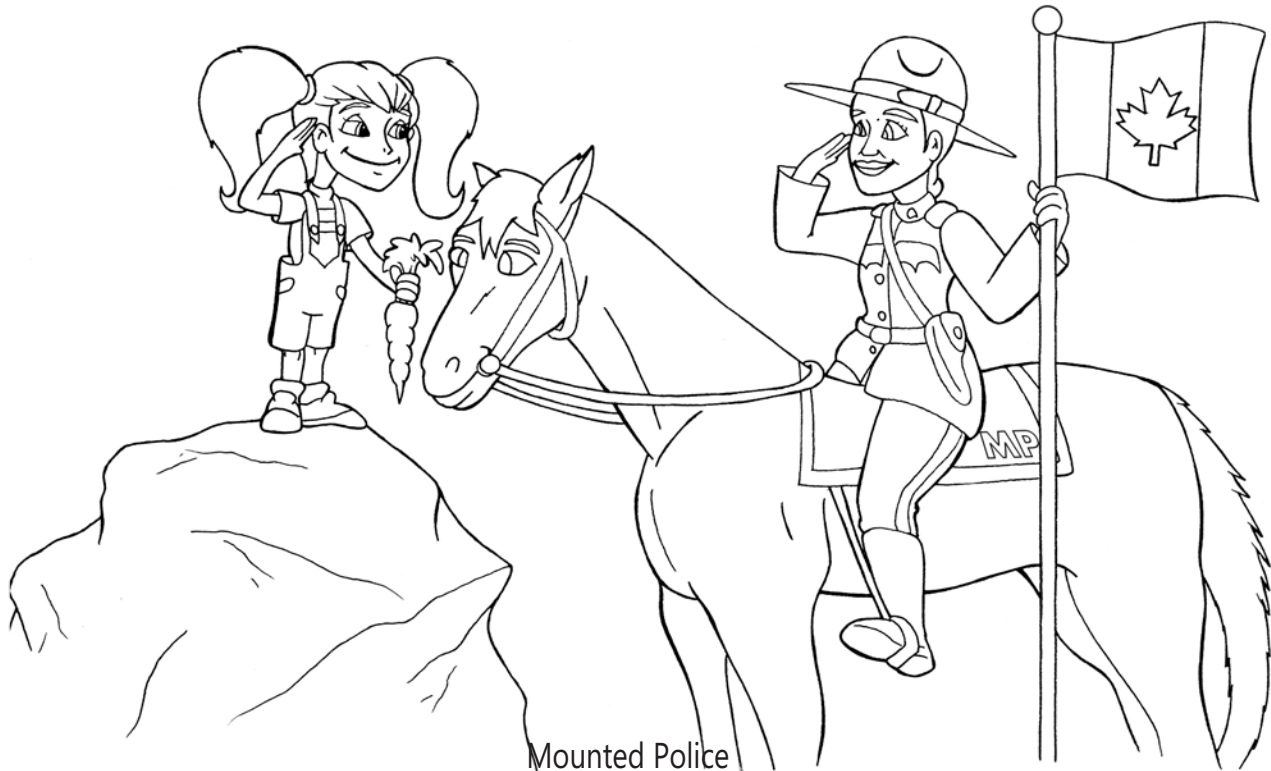

## Arriving at Niagara Falls

Dad drives over the final hill and the family sees Niagara Falls for the first time. Nolan and Sydney are so excited to see such a spectacular view. Star wants to get closer to the breathtaking site so he jumps into the front seat with Mom and Dad. Everybody is jumping with joy!!!

## Clifton Hill

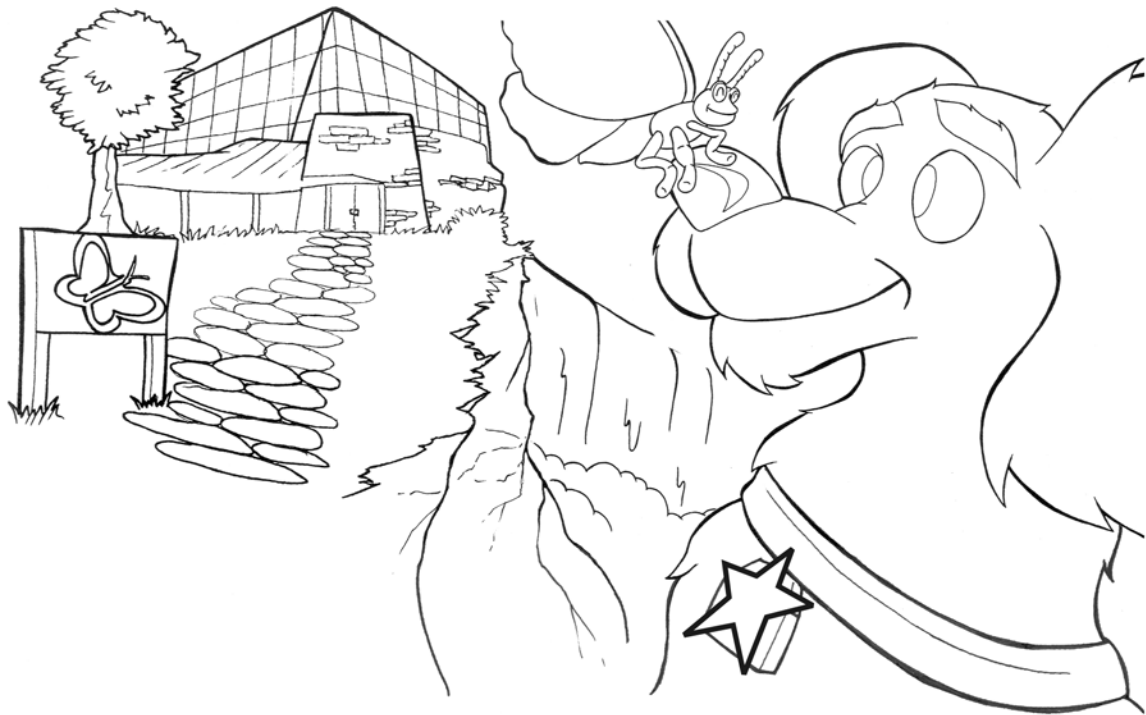

Nolan is so excited, he is telling the family to hurry it up. Everybody who visits Niagara Falls likes to go to Clifton Hill. There is a lot for everybody to do here. Sydney is amazed to see so many fun things and hear so many fun sounds and smell so much good food. Everybody looks like they're having fun in this busy and exciting place.

## Mounted Police

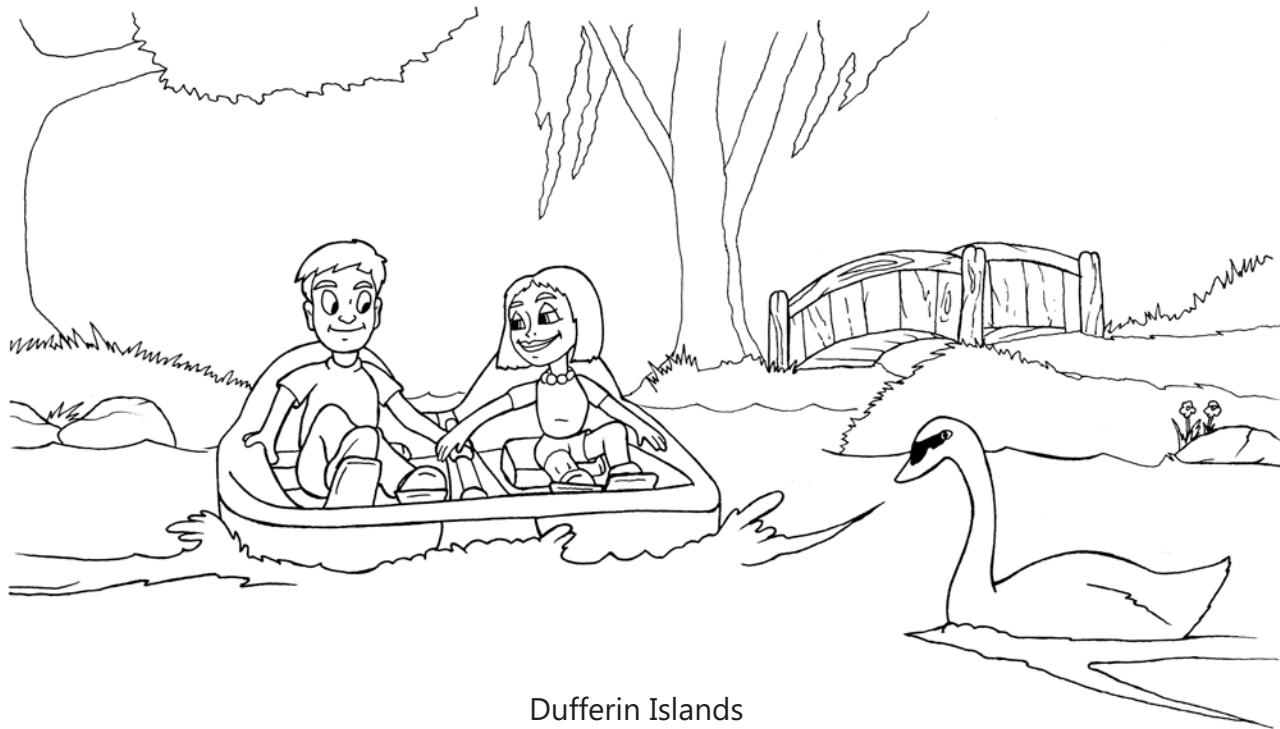

This is one of Sydney's best days. She is so happy to see one of Canada's Mounted Police Officers. Her name is Sergeant Gingras. The horse's name is Eddy. Sydney climbs onto the big rock to give Eddy his favourite snack, a carrot. Sydney smiles a very big smile as they all salute together.

## Butterfly Conservatory

Today the family is visiting the world's largest glass enclosed butterfly conservatory. Over 2,000 butterflies! Forty different species fly freely and feed on a variety of tropical blooms and fruit. Sydney is wishing that a butterfly would land on the tip of her nose like the one that kissed Star's nose.

## Dufferin Islands

Mom and Dad are having a romantic afternoon floating in the paddle boat at Dufferin Islands. The graceful swans, beautiful flowers and the melodies of the pretty songbirds make Serge and Robin feel so happy to share this wonderful experience together.

## Marineland

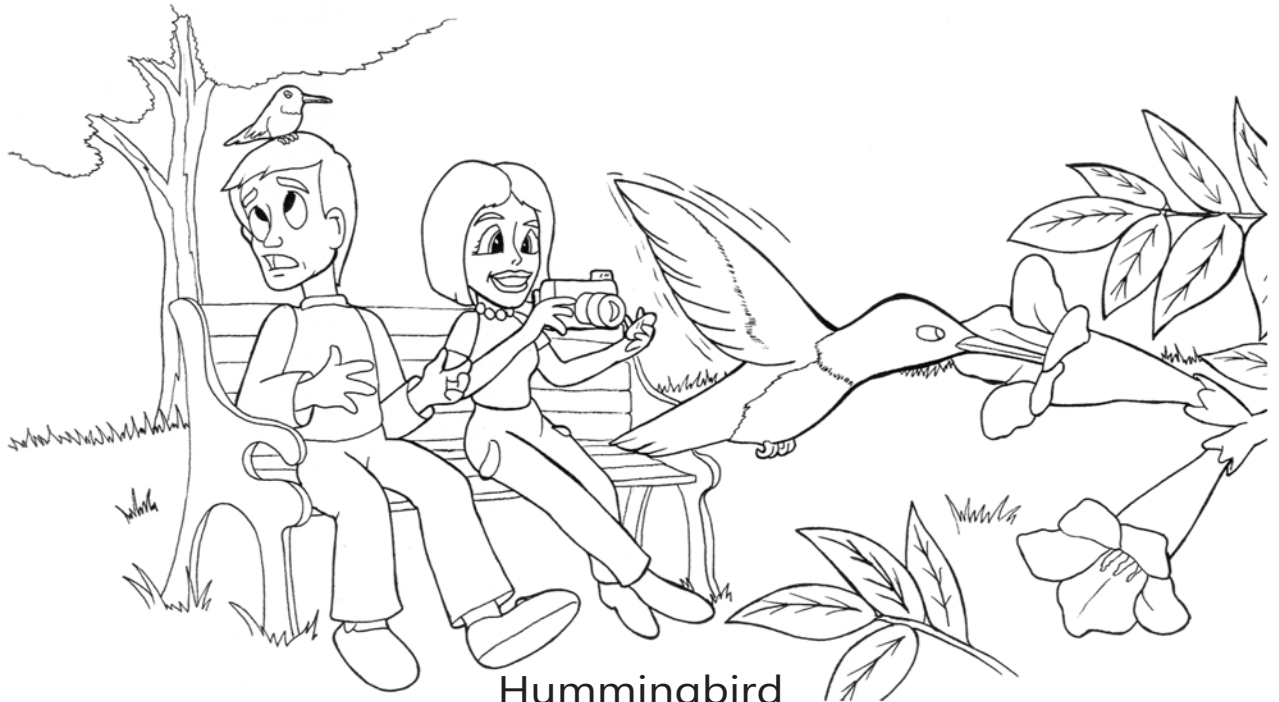

Sydney is enjoying feeding the deer at Marineland. It appears that the deer is enjoying Sydney's company even more. The rest of the family is waiting patiently for Sydney to join them so that they can visit all of the other animals.

## Skipping Rope

Sydney asked her big brother to turn the rope for her to skip. Nolan is turning the rope for Sydney because he thinks he teased her too much and is making Sydney feel happy. Star is happy to do anything with Sydney and Nolan, so he is helping with the rope turning too. Star tried skipping , but kept getting caught in the rope. Everybody was laughing very hard.

## Hummingbird

Mom is taking a picture of a beautiful hummingbird. A pretty bird flew out of the tree to land on Dad's head. Dad is trying to get Mom's attention so that she can take a picture of him and the bird on his head. As the bird was singing on Dad's head, Mom thought it was Dad who is whistling and said he was a very good bird impersonator.

## Horse & Buggy Ride

Mom and Dad are taking a romantic horse and buggy ride through the streets of Niagara Falls. Nolan is sitting in the driver's seat pretending that he is going to drive. The horse is not going to move until the regular driver takes over. Nolan doesn't know anything about horses or buggies and wanted to spy on Mom and Dad.

### Going Home!

The family is going home. Sydney and Nolan had very much fun on their Niagara Falls, Canada vacation. Star is so happy too. Mom and Dad have agreed that since they all had so much fun and that there are still so many wonderful attractions to visit and so many things to do, that they will all come back again! 😊
